Sugar is short to the home consumer, but candy makers have first call.

The deadly cigaret is said to be the favorite smoke of members of the medical profession.

The laborer is worthy of his hire. Vote for the issue of bonds to pay him his due.

Bear in mind the election next Tuesday. The questions to be

voted on are of vital importance to the community.

Emma Goldman has been released from the penitentiary and now faces deportation. We do not need her in this country.

Jacksonville real estate now finds ready sale at fair prices. Vote for the bond issue if you want this to continue.

The appeal to organize the steel laborers was printed in English, Polish, Slovak, Italian, Russian, Croatian and Hungarian. This is a great country.

Daily announcement of strike: General walkout of clerymen threatened unless their annual average wage is increased from \$800 to the average of the steel workers.

First issue liberty bonds, 3 1/2 per cent, are now selling at par. To the man who has a large income tax to pay the low rate bonds are preferable, for it leaves him a greater net return at the end of the year.

The demand for lumber throughout the world is causing an expansion of the industry in the Philippines, where there are extensive virgin forests. If the islands will be governed by our mistakes and guard their forests from greedy corporations they will be a great source of national wealth.

Reports regarding the rail strike in England indicate that the government precipitated it as the original plan of the leaders was for a general strike on December 1st. The general strike was not to involve the wage scale but to enforce a demand for nationalization of labor. Flat refusal of the government to accede to the demands made upon it supports the theory that the government wanted to force the issue and settle both the wage scale and the question of nationalization at the same time.

CLUB WOMEN IN SAVINGS CAMPAIGN.

Sixty thousand Illinois Federated club women are being lined up in the thrift and savings movement of the government by Mrs. Frederick A. Dow, past state secretary of the General Federation of Women's Clubs. Mrs. Dow has been appointed head of the thrift work among the Illinois Federated clubs by Mrs. William H. Hart of Benton, Ill., president of the Illinois Federation of Women's Clubs. Mrs. Dow has written to the presidents of the twenty-five districts of the Illinois Federation, asking them to appoint thrift chairmen. Ten of the districts are in Chicago and vicinity. These have been requested to appoint district and club chairmen. In other districts outside of Chicago and vicinity three chairmen are to be named—for district, county and club.

Mrs. Dow intends to place in the hands of all the federated club women in Illinois all the data concerning the government's savings campaign, stressing the importance of judicious buying, systematic saving and safe investment in government securities.

Cards similar to the ones put in windows to call the ice maid are being distributed thru the chairmen. On one side of the card is "Boy Wanted to Earn Thrift Stamps" and on the reverse side "Girl Wanted to Earn Thrift Stamps." Many households frequently need the assistance of a boy or girl to run to the store, cut grass or weed the garden in summer, and sweep snow and empty ashes in winter and many other odd jobs. The children who respond to the sign call in the window are to be paid for their services in thrift stamps.

The club women also are to be urged to use the "Ten Lessons in Thrift" prepared by the savings division of the treasury department as a basis for club discussions so as to bring the practice of thrift practically into the home.

The thrift campaign of the Federated club women is national in scope. Mrs. George A. Bacon of Worcester, Mass., a member of the executive committee of the General Federation of Women's Clubs, is general federation director of thrift. She has taken up as the national slogan "Two Million Homes of Thrift." Mrs. Bacon keeps in touch with Mrs. Dow and the other state chairmen on the general plans for the campaign.

Mrs. Dow is well known in women's club work. She is past president of the Illinois Federation of Women's Clubs and was vice chairman of the woman's committee, council of national defense.

TEACHING GERMAN

Reports come from Adams county, Indiana, that the German Lutheran parochial schools of that county are violating the Indiana state law prohibiting the teaching of the German language. The Indianapolis News says the legislature passed the law in response to a public demand and if any community is permitted to evade or violate it the bars will be thrown down to similar violations. It must be enforced. The state superintendent of public instruction has promised full support and co-operation to the Adams county authorities in enforcing the law. One peculiar angle of the situation, it is said, is that the teachers have been laboring under the belief that they could violate the law with impunity. On this point the News says: "They must know that we have been at war with Germany and that feeling against Germany has been and still is anything but friendly. If we were at war with Germany."

Italy and if Italy had been as cruel and heartless as Germany these same teachers doubtless would be clamoring for a law to prohibit the teaching of Italian in the schools of Indiana, be these schools public or private. Patriotic sentiments alone should prevent anyone in Indiana from wanting to give instruction in the language of an enemy country. There is something very strange about any teacher who feels that instruction, whether religious or otherwise, must be given in an alien tongue. The law must be obeyed."

RED CROSS PEACE PROGRAM.

The peace program of the Red Cross association at home will be largely one of health service and has been announced as follows:

1. Organization of the nation's health forces by (a) co-operation with existing agencies, (b) independent action in unorganized communities. (1) Education of wives and mothers, school children, industrial workers, and other groups, in home hygiene and care of the sick. (2) Introduction of public health nursing in all communities.
2. Expansion of home service into a national social welfare agency to assist needy families. (In ninety per cent of the communities where home service operated there existed no other relief agencies.)
3. Emergency relief in epidemics and disasters.
4. Permanent duty with the army and navy.
5. Completion of the task of rehabilitation of the nation's fighters.
6. Child welfare work thru the Junior Red Cross.

In Europe.
1. Foreign health programs in Siberia, Poland, and the Balkans.
2. Distribution of surplus stores of the American army.
3. Relief work among European children by the Junior Red Cross.
4. Establishments of schools to train native workers.

THE OBSERVATORY

It's almost as hard to find an Illinois farm with a mortgage on it this year as it is to find a Jacksonville house with a "For Rent" sign on it.

Talk to a Democrat and he will tell you that all the present Senate thinks about is new ways to embarrass the President. He will forget altogether how the Senate confirmed the President's promotion of Brand Whitlock the same day his name was submitted.

Now that all movie plays in which the city editors shook hands with their reporters about to go out on dangerous assignments have been driven off the screen, the movie producers are exploiting the farmer who wears chin whiskers and the successful business man who takes dinner at home in evening dress.

Maybe the industrial condition of the country will right itself in a few weeks. The swimming, fishing and excursioning season is drawing to a close and soon there will be no place to dress and go to but work.

Occasionally you hear of a dream that turns out pretty well even if it doesn't come true. A Jacksonville man who has been watching that man in the filing cabinet advertisement for many months dreamed that the fellow did a handstand on one of the drooping "built like a skyscraper" and the skyscraper tipped over on the fellow and squashed him.

"Chicago hotels groaned today under the weight of baseball enthusiasts," says a dispatch from that distracted city. It probably wasn't the hotels; it more than likely was the proprietors, who hate the prosperity.

An Arkansas man courted a woman twenty-two years and then married her. Three weeks after the marriage she sued for divorce because he failed to support her. Rather impatient, seems to us, to expect a habitual courter of twenty-two years' experience to turn into a practical husband in three weeks. But you know how women are.

"No hunter gets all the game at which he shoots," says the Osborn Village Deacon, adding, "and neither does the minister."

If men can save by turning their suits wrong side out, women are even more fortunate. Those straight narrow skirts cannot only be turned wrong side out, but also upside down with equal success.

A Jacksonville boy says two kinds of time suit him. He goes to see his girl by the new time and starts home by the old time.

Incident to the great railway strike in England, the dispatches state that motor trucks are doing the bulk of the hauling. What would England do if she had such roads as some of the Illinois highways—and a big rain should happen along?

The Kansas City Star believes that the people of Ardmore, Okla., undoubtedly are distressed over the action of the rowdies who broke up the meeting that was to have been addressed by Senator Reed on the League of Nations. The humiliation in such a case, of course, is to the community, not to the speaker. But there is this consolation to the Ardmore people. The country knows that such demonstrations do not just happen. They are planned. The egging that night, it is taken for granted, was arranged by the political factor that is identified with the national administration. Such a demonstration could be pulled off in any town where the gang leaders thought it the best way to help their side. Usually, however, they are too intelligent, even if they haven't enough of the spirit of fair play to indulge in such coarse work.

That White Sox hurler showed that he's in the thoroughbred class despite his name. He pitched a magnificent game, allowing but three hits and giving one free pass to the initial sack. Four Reds got on base, three reaching first and one second. The Chicago aggregation showed their class for the first time since the opening of the series.

THE SCOTT COUNTY TEACHERS' INSTITUTE

Instructors of Prominence Have Been Secured for Institute Next Week—Schools to be Closed all Week—Other Winchester News

Winchester, Oct. 3.—Miss Olive Wells, county superintendent of schools, has secured the following instructors for the institute: Dr. Livingston Lord, president of Eastern Illinois Normal; Miss Eva A. Smedley, principal of Noyes St. school at Evanston; Miss Florence Sheffington, English instructor at Eastern Illinois Normal.

The Winchester schools will be closed all next week on account of the teachers' institute, the sessions of which will cover the entire week.

A new concrete walk is being laid in front of the Charles Hieronymous home, and also in front of the large vacant lot to the east. The improvement is one which greatly increases the good appearance of the street.

Mrs. Chester Neat, Misses Sadie Townsend and Louise Townsend left Friday afternoon for a short stay in St. Louis.

Mrs. William Watt and Little son and Miss Elsie Edmondson arrived Thursday from Peoria. Samuel Peak, George Claywell, Robert Mason and Henry Higgins were Jacksonville visitors Friday.

The high school football team will play the Carrollton team Saturday on the grounds adjacent to the oil tanks on the C. B. & Q. railroad.

Mrs. Matthews and family have moved into the Berry property just west of the depot.

Miss Marie Hogan of Springfield is a guest at the home of her sister, Mrs. Harry O'Connell, and is accompanied by Miss Nexins of Florida.

Dr. George Brengle left Wednesday for Chicago to visit his daughter.

Henry Pfenniger and wife of Aley were visitors in Winchester Thursday.

LOVE OR HATE—WHICH?

She was a daughter of the mountains—fed on the fierce hatred of a feud, taught that between her family and his there could be only war.

Then love came! Love between foes. Love bravely laughing at old men's enmities, even at the conflict that followed: a struggle that throbs with good red blood, with surprise and adventure, with the striving of man against man, woman against woman, the heart of youth against the bitterness of years, until one eventual day—

But come! A story of young love in springtime, with tears and smiles like the showers and sun of April.

SUGAR FAMINES SHOULD BE RELIEVED THURSDAY
Chicago, Oct. 3.—District Attorney Clyde announced today that enough beet sugar should arrive by Thursday of next week to provide Chicago and Illinois with 12c sugar during the present critical period. He said he had received assurances that sugar would be laid down here at 10 1/2c a pound and that retailers should not charge more than 12c. The supplies will come from Colorado, Utah and Nebraska, he said.
The district attorney's office today began investigation of butter prices which range from 58 to 72 cents a pound.

FRENCH SENATE TAKES UP TREATY
Paris, Oct. 3.—(By The Associated Press.)—The Versailles peace treaty and two military conventions between France and the United States and France and Great Britain were laid on the table in the French senate today for action, now that the chamber of deputies has approved the instruments. Senator Leon Bourgeois, reporter for the commission of the senate which has considered the treaties, will present the report of the committee on Monday and Tuesday.
General discussion of the treaties is expected to begin on Thursday.

Big Lot of HAY FEVER JOKES

But Kentucky Man Says—"People Who Belong to Hay Fever Society are Kidding Themselves."

Wouldn't Be Any Rose or Hay Fever if Simple Home Remedy Was Given a Chance.

"Yes, there's a real NINETY-NINE per cent effective remedy for hay or rose fever," frankly states a druggist in a prosperous Kentucky city.
"But I don't expect anyone to believe me, because the treatment is so easy and the cost not worth mentioning."
"The annual crop of hay-fever jokes would be mighty scarce if people would get an ounce of Mentholized Arcline and by just adding water that has been boiled make a pint of liquid that will prove a real help to all who suffer."

Many of my hay-fever friends tell me that by starting to gargle and snuff or spray the nostrils a few times a day the expected severe attack often fails to appear and in cases where it does show up is very mild and does not annoy."

"The Better Class of Pharmacists" who dispense Mentholized Arcline say it will greatly modify any attack even when taken three or four days after hostilities begin.

Go to a real live druggist when you get ready to make a pint.

7 A DAY FOR 7 DAYS
If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco, Alcohol or Excess of Any Kind, Bio-Feren is What You Need Right Away.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence.

You can have nerves of steel, firm step, new courage and a new mind by putting your blood and nerves in first class shape with mighty Bio-Feren, a new discovery, inexpensive and efficient.

Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition.

All you have to do is to take two Bio-Feren tablets after each meal and one at bedtime—7 a day or 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, any druggist anywhere will return the purchase price—gladly and freely.

Bio-Feren is without doubt the grandest remedy for nervous, run-down, weak, anaemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

GEN. JADWIN SAFE
Paris, Oct. 3.—(By The Associated Press.)—Brig. Gen. Edgar Jadwin, representative of the American peace delegation, who went to Russia some time ago and for whose safety there has been some concern, has left territory under control of the Bolsheviks, according to a message to the commission headed by Henry Morgenthau which recently investigated pogroms in Poland. A report was printed in London yesterday that General Jadwin had been captured by the Bolsheviks.

RUSSIAN BOLSHEVIKS READY FOR PEACE
Paris, Oct. 3.—George Tchitcherine, Russian Bolshevik foreign minister, in a message sent broadcast by wireless and received here yesterday, says:

ILLINOIS COLLEGE STUDENTS CELEBRATE

Roaring Bon-Fire on Campus.
Talks by Members of Team, President Rammekamp and Others, and a Triumphant March Thru I. W. C. Features.

The students of Illinois College celebrated their football victory over Lombard in good style Friday evening and the sound of the cheers, the booming of the guns, the shots of the torpedoes fired by obliging street car men, and all, were welcome sounds to the residents of the city. After a year's absence of such festivities it was mighty good to hear the boys on such an occasion and to know that the victory was really worth while. For the game was no pipe in any sense and the big end of the score was only nailed down after a hard battle with the Lombard representatives.

Accordingly in line with time-honored precedent the students on the hill early made arrangements for a big bon-fire and other suitable ways in which to observe the winning of their team. At the bon-fire on the campus in the evening there were a number of speakers, among them being President Rammekamp and several of the team. Later the boys got in line for a triumphant march to the Illinois Woman's College. They marched down West State street, around the square, and down East State. At the institution on East State which most all Illinois College men like to visit, they marched thru the building to the second story, down the halls and out again. It is said by some of the old timers that this is the first time that the feat has been successfully accomplished.

Best Treatment for Catarrh S. S. S. Removes the Cause

By Purifying the Blood

Once you get your blood free from impurities—cleansed of the catarrhal poisons, which it is now a prey to because of its unhealthy state—then you will be relieved of catarrh—the dripping in the throat, hawking and spitting, raw sores in the nostrils, and the disagreeable bad breath. It was caused, in the first place, because your impoverished blood was easily infected. Possibly a slight cold or contact with someone who had a cold. But the point is—don't suffer with catarrh—it is not necessary. The remedy S. S. S., discovered over fifty years ago, tested, true and tried, is obtain-

able at any drug store. It has proven its value in thousands of cases. It will do so in your case. Get S. S. S. at once and begin treatment. If yours is a long standing case, be sure to write for free expert medical advice. We will tell you how this purely vegetable blood tonic cleanses the impurities from the blood by literally washing it clean. We will prove to you that thousands of sufferers from catarrh, after consistent treatment with S. S. S., have been freed from the trouble and all its disagreeable features and restored to perfect health and vigor. Don't delay the treatment.

WILSON'S CONDITION

MOVES STOCK MARKET
NEW YORK, Oct. 3.—Much of the nervousness and unsettlement manifested by today's stock market was directly traceable to the many conflicting rumors current in the financial district regarding President Wilson's condition. At the opening when leading shares fell 1 to 5 points, a brisk rally from lowest levels immediately ensued.

The recovery was succeeded by another and more violent selling movement which drove the market of professional pressure and carried many stocks considerably under initial declines. In the later dealings, trading slackened for a time, irregular rallies being again recorded on a moderate demand for rails, but the improvement was met by broader selling than at any previous period, minimum prices ruling at the weak close. A few stocks stood out in the day's feverish operations, notably American Tobacco, which rallied twelve points from its early decline of 8 points to derive substantial benefits from the formation of the American Tobacco Securities Corporation and closed at a gain of 17 points. In the general list of stocks, equipments, motors and shipwrecks net loss of 2 to 5 points were made, Crucible Steel adding 7 points to its recent extensive reaction.

Sales amounted to 1,275,000 shares. Transactions finished the strong features of the irregular bond market foreign issues being firm and Liberty issues shading slightly. Total sales (par value) \$11,750,000. Old U. S. bonds were unchanged on call.

DUN'S REVIEW

NEW YORK, Oct. 3.—Dun's tomorrow will say:
"With the labor situation still seriously disturbed in many parts of the country business is increasingly inconvenienced and its volume discloses progressive shrinkage in certain quarters."

"Continued strikes in some lines and fresh outbreaks in others are not only a cause of hesitation, but prevent operations of magnitude that settle conditions would otherwise stimulate and the attendant loss of production, either directly or indirectly, affects various important interests. Yet progress is not wholly impeded despite the existing draw backs, and from trades and sections outside the immediate influence of industrial controversies come frequent reports of a demand for goods beyond the ability of sellers to satisfy. The shortage of supplies aggravated by the restriction of outputs, is more often a factor in limiting transactions than any question of prices and the extensive buying of luxuries and the better classes of merchandise is a feature commended on in many dispatches. Weekly bank clearings \$8,157,452.82."

CORN TAKES ANOTHER BREAK

CHICAGO, Oct. 3.—Sudden developments of competition from Argentina had a decided bearish effect today on the corn market. Prices closed heavy, 2 1/2 to 3/4c net lower with Dec. \$1.23 1/2 @ \$1.23 3/4 and May \$1.21 1/2 @ \$1.21 3/4. Oats finished 1/2 to 3/4c down, and provisions ranging from 20c decline to 3/4c advance.

Announcement of a big break in corn on indications that Argentine were holders were said to be alarmed over the scantiness of exports to Europe gave the corn market here a downward tendency from the outset. Later this tendency was greatly increased by word that Argentine corn was being purchased at New York much below what domestic corn either old or new could be delivered for. The acknowledged seriousness of the president's illness operated likewise as an evident depressing factor from the moment the market opened, but in more indirect fashion and to a far subordinate degree. Better weather and enlarged country offerings rendered any important rally quite out of the question for the time being.

Oats followed corn downward notwithstanding continued demand from the seaboard. Provisions scored some gains as a result of higher quotations on hogs and owing to talk of a decrease in western stocks of lamb.

World's Series Pitching Record

CHICAGO, Oct. 3.—Just how good a pitcher Dick Kerr was in today's game of the world's series was demonstrated by the analysis of balls, strikes, grounders, flies and fouls. Although he pitched half an inning more than his Cincinnati opponents, Kerr threw only one more pitch than Fisher and Luque combined, the totals being 95 for the Chicago twirler against 81 for Fisher and 13 for the Cuban. Kerr allowed only weight hits while his teammates got all seven of theirs. Of Fisher, he gave out one base on balls against two by Fisher, and had four strikeouts as compared with none by Fisher and one by Luque. The Havana importation fanned Liebold, the first man to face him. Nemo missing one low and on the inside.

Kerr served 36 strikes to four by Luque and 23 by Fisher. He failed to catch the umpire's eye with corner balls 32 times, while Fisher had 27 bad ones called and Luque six. Each team hit eight flies, the White Sox popping most of their off Fisher's early innings speed. Two of these came in the first inning and three in the third. In the last four innings only one Chicago batter hit the ball in the air whereas half of Cincinnati's skippers were recorded in that period.

Fisher had two bad innings, being forced to throw 20 times in the second session and eighteen in the sixth. In the second he served seven strikes, an equal number of balls, one pitch was hit over the fence and five others were driven sharply into the diamond. The Chicago sluggers hit only three of the eighteen balls pitched in the sixth, one being a fly and the other two fouls. There were seven strikes and eight balls in that inning. Kerr's greatest effort was expended in the fifth inning, when he served three strikes and six balls and was fouled only four batters, one of which was a sacrifice. His easiest inning was the second, when he disposed of the Reds on eight pitched balls.

The complete table follows:

a hit. The big outfielder swung like a cyclone at two and then hit cleanly to left. "Happy" Flesch next up contemplated the usual sacrificial offering, but the fates had decreed that he was to circle the bases after a brief pause at second. It was here that Fisher lost his own game. Flesch's little bunt percolated toward the Red pitcher who seized it and turned quickly to catch Jackson at second. Fisher was off his balance and his head rolled out into the center garden. Jackson who had slid, stumbling as he dug his toes into resuming his sunning, but scrambled to

ILLINOIS WINS FIRST GAME FROM LOMBARD

Score Touchdown by the Air Route and Win by Score of 6 to 3—Lombard Score Came Thru Place Kick by Murphy from 35 Yard Line.

Playing for the most part stellar football in all departments of the game, Illinois triumphed over Lombard on Illinois field Friday afternoon by a score of 6 to 3. Illinois' score came thru a forward pass in the second period. Cully to Andrew. Ferreira missed the goal. Lombard's score came thru a place kick by Murphy in the third period.

Before the game started Illinois protested Turner, left half, for Lombard, because he had come from another school in the conference. Lombard hated to lose Turner as evidently they had planned most of their faith on his work. However, they probably could not have won with him in as Illinois outplayed them both on offense and defense.

The weather was more suitable for football than for the mercury standing near the 100 mark in the shade. This made it impossible for either team to play at top speed for more than a few minutes at a time and the game as a result developed into a kicking duel.

Murphy got more distance into his kicks than Barnes but the latter's efforts were more effective as he got them high and Illinois' ends and line men got down the field better than did the visitors.

Thus for the most part the Lombard man who caught the ball was downed in his tracks.

Illinois' Attack More Versatile
Illinois showed a more versatile attack than Lombard. Her backs were able to penetrate the visitors' lines and run the ends with success. Illinois' forward passes also were effective and most of them went thru.

Lombard did not have much success on running Illinois ends and Murphy was the only man who had any luck in bucking the line. This player was a tower of strength to Lombard. However, they were him out and he was compelled to leave the game in the final period.

It would be difficult to pick stars on the Illinois team. All of the men played a splendid game and their team work was excellent. Perhaps the best work on the offense was done by Barnes, Cully, Ferreira, Mutch and Locke, who took Barnes' place in the fourth period. The line men played a corking defensive game and time and again broke thru and downed the runner in back of the line. Mackey was especially brilliant in his attack and did some splendid open field tackling, once getting his man from behind when it looked as tho he would get away for a touchdown. Fanning and Curren also did fine work on the ends and Andrew, Bronson, Strickler and Tomlinson were always there.

For Lombard Murphy played a splendid game on both offense and defense. He made several tries for place kicks in the latter part of the game but they missed. Newberg, Shuts and Smith also did good work for Lombard. In the last period Lombard tried a number of forward passes with the hope that the runner might get away with one of them but they either went wild or Illinois broke them up.

First Period
Illinois kicked to Lombard and the ball was downed on the twenty yard line. Lombard hit the line twice for a first down. Illinois held and Lombard kicked. It was evident that Illinois intended to conserve her energy for Barnes' kick after one play and the runner was downed in his tracks.
After an exchange of punts

Illinois tried a drop kick from the 35 yard line which missed. The period ended with the ball in Illinois' possession on the 25 yard line.

Second Period
Illinois could not gain and tried a pass and the ball went to Lombard on the 27 yard line. Lombard could not gain and kicked. Illinois made first down on three tries. Cully and Barnes again made first down on two tries, with the ball on the 10 yard line. Cully passed to Andrew back of the goal for the first touchdown. Ferreira missed the goal. Score, Illinois 6; Lombard 0. The half ended with the ball in Lombard's possession in the center of the field.

Third Period
Lombard kicked to Cully who carried the ball back twenty yards before being downed. Illinois fumbled and Lombard recovered the ball on Illinois' 30 yard line. Lombard tried a forward pass and Andrew intercepted it on the 29 yard line. Barnes, Ferreira, and Cully made first down in three tries. Illinois fumbled and the ball was recovered by Lombard on the 20 yard line. Lombard hit the line for five yards and then Murphy made a place kick from the 35 yard line. Score, Illinois 6; Lombard 3. The period ended with the ball in Lombard's possession.

Fourth Period
Murphy tried a place kick which went wild and the ball went to Illinois on the 20 yard line. Illinois immediately kicked. Lombard after two line plays then tried a place kick which went wild.

Both teams were fighting hard. Lombard to score and Illinois fighting to hold her advantage. The ball passed over frequently. Barnes went out and Locke went in and Gunn took Bronson's place in this quarter. Murphy was knocked out and went to the side lines.

Lombard tried pass after pass but all of them were either blocked by Illinois men or missed by the man for whom they were intended. The game ended with the ball in Lombard's possession near the center of the field. The lineup:

Illinois:		Lombard
Fanning	le	Olson
Strickler	lt	Bragdon
Mackey	lg	McGill
Tomlinson	c	Nelson
Bronson	rg	Kerr
Andrew	rt	Faulkner
Curren	re	Adams
Ferreira	qb	Newberg
Barnes	lhb	Smith
Cully	rhb	Shuts
Mutch	tb	Murphy

Referee, Omcr, University of Illinois; umpire, Hufford, Hanover; head linesman, Larson, Moline high; touchman, Andrew; goal from placement, Murphy; substitutes, Locke for Barnes, Gunn for Bronson, Frazier for Mutch. Time of periods, 15 minutes.

FUNERAL SERVICES FOR JOHN ALLEN

Were Held at Residence in Bluffs Thursday—Bluffs News Notes.

Bluffs, Oct. 3.—Funeral services for the late John S. Allen were held at the family residence at 11 o'clock a. m. Thursday. The service was conducted by Rev. E. G. Rees, assisted by Rev. Scott Peake of Exeter.

Miss Faye Rees sweetly sang the following solos: "Homeland" and "Good-night". The beautiful floral tributes were in charge of Mesdames Allen M. King, Harrison King, H. H. Bancroft, C. M. Stewart, Jacksonville and Miss Mary Mathews. The bearers were: Royal Oakes, E. B. Gray, H. C. Knoepfel, George Little, Fritz Haskell and Harry Mathews. Interment occurred at the Allen lot in Diamond Grove cemetery.

Mrs. George Rockwood was called to Jacksonville by the critical illness of her husband who is a patient at Our Saviour's hospital in that city.

Miss Marie Fuson, graduate of the class of 1919 has been employed as a teacher in the 2nd grade. There still remains a vacancy in the high room.

There will be no school next week on account of the teacher's institute in Winchester which will be in session the entire week.

Richard Willis and bride have returned from California. They will go to house-keeping in Bluffs where he has purchased a home.

Mrs. Sallie Virden of Virden attended the John Allen funeral in Bluffs Thursday.

Miss Lena Pinniger left Thursday noon to attend the home coming in Milton.

The home coming will be held for one day only, Friday, Oct. 17, instead of two as planned.

Mrs. Archie Reid and son Hudson of Springfield spent Thursday with Mrs. Thos. Reid and family.

JACKSONVILLE HIGH

PLAYS AUBURN TODAY

Will Meet Fast Team in That City—Auburn Defeated Virden Last Saturday by a Score of 27 to 7.

Coach Hufford will lead his high school warriors to Auburn today where they will meet the high school team of that city this afternoon.

The only line to be had on Auburn is their victory over Virden last Saturday by a score of 27 to 7. This would indicate that the Auburn team is a fast one.

Coach Hufford during the past week has been perfecting new plays and team work and the men will be much better from every standpoint than a week ago when they were defeated at Girard by a score of 13 to 0.

Hunt has been working at quarter the past week and Hufford believes he was made for a quarter back and will deliver the goods in that position. On November 1 Jacksonville will play Greenfield here.

This game takes the place of the game with White Hall which was cancelled by that city.

Coach Hufford will take the following men to Auburn: Smith, center; Reid and Sanders, guards; Arter and Bray, tackles; Ransdell and Reynolds, ends; Hunt, quarter; Green and Lucas, half back; Molohon, full back.

THIRD WARD VOTERS FAVOR BOND ISSUE

Enthusiastic Meeting Held Friday Evening—Workers Organized in all Precincts to Get Out Vote.

A meeting of the voters of the Third ward was held in the office of Justice Bayha in the Unity building Friday evening to organize for the coming bond election. There was a good attendance and much enthusiasm was shown and the sentiment was overwhelmingly in favor of the measure.

T. S. Martin was chosen chairman of the meeting and Walter Taylor acted as secretary. Mayor Pro Tem Cain was present and explained the financial status of the city and the necessity for the bond issue to place the city on a firm basis.

Following Mr. Cain's talk the voters present perfected an organization to get out the vote on election day. Every precinct in the ward was represented and workers were chosen who pledged themselves to work on election day at the polls to get out the vote.

Special meeting of Jacksonville Lodge No. 570, A. F. & A. M., at 7:30. Work in M. M. degree. Refreshments.

INTERESTING HAN-NIBAL TOURISTS

Two ladies traveling from the east coast to their home in Hannibal, passed through the city yesterday in a superb Cadillac Sedan car. They were Mrs. H. K. Grath and friend, Miss Cora Forbes. They had been spending a month among the attractions in the east, New York, Boston, Philadelphia, Gettysburg, Harrisburg, Wheeling, W. Virginia, several places in Ohio and elsewhere and expected to reach home yesterday evening. Their driver was a colored man who had been with Mrs. Grath 27 years and appeared to be a very intelligent and wide awake man. He bowed the manners of one who served in good society and deported himself accordingly. The car was made so that the pleasure seekers had the apartment wholly to themselves, while the chauffeur sat in front, well protected from the weather.

LIGHT COMPANY EMPLOYE INJURED

John Stewart Sustains Badly Crushed Hand Friday Morning.

John Stewart, an employee of the Jacksonville Railway and Light company sustained a very painful injury Friday morning when his right hand was caught in a pump at the company's plant. The unfortunate man was obliged to suffer with his hand in the pump for about five minutes until another employee could be summoned to turn the pump over and release him. The bones of Stewart's hand were badly fractured and a bad natured fracture of the palm of the hand was made by the pump. Dr. C. E. Black rendered the necessary surgical attention.

MISS CALLOWAY ILL.

Miss Nellie Calloway, daughter of Mr. and Mrs. Lou Calloway near Bethel, is seriously ill with pleurisy and complications. The young lady is a graduate nurse and has followed her profession for a time and while she is patient with her indisposition finds it hard to give up her chosen work. She is a charming young lady of many attractive qualities and it is to be hoped her indisposition will be of short duration.
